In January, MBYC held its first ever Career and Education Day. The purpose of this day? To bring together colleges, armed forces, trade schools, and more all one roof to be able to provide our students with information on where they might want to go once they graduate our program. The following organizations were present:

Victor Valley College

Barstow Community College

ITT Tech

4-D College

University of Phoenix

Everest College

Maverick's Stadium

Workforce Development (SB County)

Goodwill Southern CA

National Guard Recruitment

Marine Corps Recruitment

Army Recruitment

Aviation Vocational Program (SCLA)

This was made possible only with dedication and participation of our partners in the community, the dedicated staff that organized this event, the Student Government; who worked tirelessly with the staff to ensure this event to be a success, and to all the students and volunteers who participated in this event: thank you!
