Volunteer

Volunteering has always been a big part of Mojave Basin, and 2009 was no different. Both High Desert sites volunteered a tremendous amount of time to various events and organizations, in efforts to help our communities as much as we can.

MBYC volunteered at the Adelanto Grand Prix, which actually donated all recyclables that day to MBYC and matched the amount- where the funds raised went to assist with such events as Prom. The Children's Fund of San Bernardino County also assisted with Prom, donating $500 in food gift cards, which covered all the food for the event. Also, MBYC was present at the Cinco De Mayo Festival at Victor Valley College, doing recycling once again. Teams of volunteers were also present everyday of the San Bernardino County Fair this year, which in the process landed us the fairgrounds the site for our 2009 Graduation Ceremony.
