

Secure Document Destruction

www.enviroshredct.com

Step 7

Under 24/7 surveillance, your materials will be shredded and bailed. A "certificate of destruction" will be issued for your records and materials are transported to a domestic pulp mill for recycled processing.

Step 6

Your secured documents will then be delivered to EnviroShred's secured facility for destruction.

Step 5

An EnviroShred customer service representative will pick up the full container and replace it with an empty and clean container.

Step 4

Dispose unwanted documents to be destroyed into the locked container(s).

Step 1

Contact your EnviroShred security professional.

Step 2

After consultation, select the service plan that suits your needs.

Step 3

EnviroShred will deliver clean and secure containers.
