We pray for God's Kingdom to come & His will to be done on earth... in Bellflower... as it is in Heaven. We seek to impact these three areas in our city:

Healthy Individuals, Youth & Family

People experience life-giving relationships and have access to the resources needed to develop holistically.

Vibrant Church of the City

The Body of Christ is mature, exhibits cooperation and displays visible unity.

Thriving Neighborhoods

Individuals, associations and institutions are interdependent and contribute to the well being of all.
